Student Placement 2018-2019 School Year

Parents, if you have information that you think might be relevant to your child's classroom assignment for the upcoming school year, please stop in to pick up a placement form.

Our primary responsibility is to create classes that will maximize learning for all students. Each year the teachers and principal give a lot of time and thought to balancing the class lists for the next year. We consider factors such as:

- balance of boys and girls
- matching teaching style with children's learning styles
- avoiding disruptive student combinations
- distributing and clustering students who need special services
- friendship patterns
- class size
- information from parents

We will use the information you provide to help us make the best possible placement for your child. We ask that you **not request a specific teacher**, but allow us the discretion to make our best professional judgment. Thank you for your cooperation and understanding in making these important decisions.

**Deadline for any requests
will be April 27**
